We are one of the longest-established trade associations in the financial services sector, representing the interests of alternative lenders for over 130 years. We represent over 150 regulated firms in alternative lending and are at the heart of a more extensive network of smaller firms.

These are often smaller firms involved in alternative lending sectors such as home-collected credit, high-cost short-term, motor finance, logbook loans, pawnbroking, and lending for smaller retailers. Our members lend to customers under served or not served by mainstream lenders.

Members look to us to provide guidance and support regarding all regulatory matters. We are advocates for our network of lenders, brokers and associates.
